

Greetings!

Acorn Renewable Energy Co-op will be taking part in the Green Up Day celebration at the Middlebury Natural Foods Co-op this Saturday. Please join us!

Green Up Day

**Middlebury Natural Foods Co-op
9 Washington St., Middlebury, VT 05753
May. 7th from 12:00 - 3:00 PM**

Rain or shine

All greened up and ready to celebrate?

Take off your work gloves and turn in those green up bags...come spend an awesome Saturday afternoon at the Co-op!

- Meet representatives from at least twenty different organizations concerned with environmental and energy efficiency issues.
- Grab a bite of a fresh grilled Co-op Quesadilla and local Cider from Champlain Orchards.
- Try your hand at cranking homemade ice cream (yes, you get to eat too!). Bring the kids for fun "earth friendly" activities.
- Listen to live music from local band, THE DOUGHBOYS!
- Lots of freebies and samples to try!
- Special Activity for Grown-ups and Kids!

MNFC is hoping to expand into a bigger space some day, and that means new bathrooms. They'd like new bathrooms to feel as "co-opie" as the rest of the store. Help decorate bathroom tiles with tile markers. Show what "co-op" means to you in your illustration, and it may be selected to grace the walls of the new lavatories!

Stop by at our table and say hello!
